6 places remain, call James on 07931
359127 to book your place!

VCB update from the chairman

Firstly I would just like to extend my
thanks to Beverley Athletics Club for
inviting us to their Dinner Dance and
Presentation evening. I would also like to
thank the VCB members that took up the
invitation. Everybody seemed to have a
really good time.....this certainly looked
the case by some of the strange looking
shapes being thrown out on the dance
floor! I thought that the evening was
excellently organised and we were all
made to feel very welcome, hopefully next
year we will have more than one VCB table
and you never know one day we may have
a Dinner Dance of our own.

We have had some great news since the
last newsletter. Mike Boyle and his wife
have joined VCB. Mike is a British Cycling
representative for Yorkshire and
Humberside. As is already the case, Mike

will support us with his knowledge and
experience to help us further develop the
club. I would also like to welcome Paul
Cutsforth and Rob Badger who have joined
the club in the last month.

I would like to thank Start Fitness for
sponsoring this edition of the Broom Wagon.
Make sure you check out the advert to snap
up some of the special offers.

The Manchester Velodrome trip in April is
guaranteed to be a cracker. James and I
recently took some school pupils to visit the
facility. The day included an hour's tuition on
the track. As you can imagine Day and
Wilkinson were keen to get in and amongst
the action (true Kes style!). It was a great
experience to get a taste of 'riding the
boards' and I'm sure the club trip will be a
super event.

Happy pedalling - Jonathan, Club Chairman

VCB is supporting the East Yorkshire Classic and Charity Rotary ride!

The East Yorkshire Classic is a 100 mile premier event on the cycling calendar for
professional cyclists. This is combined with a 15 mile family Rotary ride (around
Cherry Burton/Etton/Dalton) departing five minutes after the main field at
10.05am. Both events, held on Sunday 19th June, will hopefully be supported by
Velo Club Beverley members and allow us to get some free publicity, firstly on
event promotional material. To promote the club further, VCB has also pledged to
provide one years free club membership to every adult who enters the Rotary
charity ride. In addition to this, the BCF will provide free BCF Bronze membership.
Last year 100 riders entered the Rotary event and £2000.00 was raised for a
number of charities.

Therefore, your support is requested in marshalling on the day with VCB members
being asked to concentrate around the Westwood area for maximum exposure!
This could be a great recruitment opportunity to attract new members and a great
way to watch the race! Members will be fully briefed, receive jackets and
lunch.....a further update will follow in April. *James Wilkinson*
